Photo, Video and Content Storage

Dear Valued Client,

We are delighted to provide you with a dedicated Google Drive folder for your photos, videos, and content. As part of our service, we are happy to offer you a 30-day window to download and secure your cherished memories.

This 30-day period is a gesture of our goodwill, ensuring you have ample time to keep your photos safe. Unlike other creatives that may send you a link on WeTransfer, our 30-day Google Drive offer is a premium service that you just don't find.

Please note that after these 30 days, we cannot guarantee the storage of your images. While we do our best to back up important files on physical drives, we strongly encourage you to download your content within this timeframe.

If, after 30 days, you need assistance in retrieving your files, a retrieval fee will apply.

Thank you for trusting us with your precious moments, and please don't hesitate to reach out if you have any questions or need assistance.

Warm regards,
Richard and Michelle Oosthuizen
